Mott Questions Owner of Car In Murder Mystery

Arrest in Mills-Hall Slaying Will Follow Man's Refusal to Tell What He Knows.

(Associated Press Leased Wire.) HAVRE, Mont., Oct. 27.—The Rev. Ed J. Chrysler, rector of St. Marks Episcopal church here and missionary of the Milk River valley was shot and instantly killed in his home early today. Mrs. Margaret Carleton, member of his congregation and wife of a former district judge now living in California is said to have been his slayer.

Mrs. Carleton committed suicide.

(Associated Press Leased Wire.) NEW BRUNSWICK, N. J., Oct. 27.—William A. Mott, special deputy attorney-general who has taken over the Mills-Hall enquiry, expected to interview a prominent churchman today in an effort to corroborate the statement of Mrs. Jane Gibson, eyewitness of the slaying.

Mott indicated that he intended to cause the churchman's arrest unless he becomes a witness for the prosecution. Failure of the man said to have been near the scene of the murder to acquaint authorities with his knowledge of the affair has made him liable to arrest, says Mott.

Mott is said to be in possession of data showing that this man had discovered the letters of Mrs. Mills left in the church stove for Rev. Edward Wheeler Hall, killed with her, and that he showed them to Mrs. Hall, the clergyman's wife.

His car is said to have been parked near the tree on the old Phillips place and its headlights made it possible for Mrs. Gibson to see the battle ending in the death of Dr. Hall and Mrs. Mills. Attorney Timothy Pfeiffer, representing Mrs. Hall, denied last night that either Mrs. Hall or her brother, Henry Stevens, were present when the murder took place. He reiterated that Mrs. Hall did not leave home that night between 8 and 2 a. m., and that Henry Stevens was in the ocean at Lavallette, New Jersey.

Pfeiffer's statement followed the assurance that Mrs. Hall and Stevens were the persons named in the sworn statement of Mrs. Gibson. Pfeiffer said Mott indicated that arrests are imminent but he prefers to wait until he has an "ironclad" case. Persons under suspicion are being watched closely.

(Associated Press Leased Wire.) NEW BRUNSWICK, N. J., Oct. 26.—(By The Associated Press.)—The dramatic story of a woman farmer, that she had witnessed the Mills-Hall murder and had identified both the slayers and a woman who accompanied him—today electrified New Brunswick. About six weeks ago the bodies of the Rev. Edward Wheeler Hall and Mrs. Eleanor R. Mills, a singer in his choir, were found under a crab-apple tree on the Phillips farm.

Since then conflicting authorities have wrestled with theories and counter-theories, arrested a world-war veteran and turned him loose, indicated that further arrests would be made; denied it next, and all the time one of the most intricate murder mysteries that has engaged the interest of the country remains unsolved.

Now, with the full story made public by the woman farmer—Mrs. Jane Gibson—the feeling was strong in (Continued on Page Two)

(Associated Press Leased Wire.) NEW BRUNSWICK, N. J., Oct. 27.—The Mexican consulate general was closed here today on receipt of an order from the Mexican government at Washington quoting instructions from the Mexican government as a protest against a ruling by the New York courts against Mexico in a suit brought by the Oliver-American Trading company.

Mexican Consul's Office Closed As a Protest

(Associated Press Leased Wire.) NEW YORK, Oct. 27.—The Mexican consulate general was closed here today on receipt of an order from the Mexican government at Washington quoting instructions from the Mexican government as a protest against a ruling by the New York courts against Mexico in a suit brought by the Oliver-American Trading company.

SCHOOLFIELD REVIVAL

The revival meeting in progress at Schoolfield Methodist Church where the Rev. J. M. Oakley is preaching nightly is growing in numbers and interest. Preaching each night at 7:30. There will be two services on Sunday.

Fascisti About To Take Over Reins In Italy

Mussolini Leader of Organization Due in Rome Tonight, Also King Emanuel.

(Associated Press Leased Wire.) ROME, Oct. 27.—(12:30 P. M.)—Benito Mussolini, leader of the Fascist, is expected to arrive in Rome today, having been called by Premier Facta, who wishes to discuss the situation with him. This action has again caused rumors to circulate that the formation of a new Fascist cabinet with the participation of the Fascist is a possibility.

Speculation concerning the solution of the crisis agrees that it will mean the advent to power of the Fascist either alone or with Giolitti Orlando or Salandra in case the Facta cabinet possibility mentioned is dissipated.

KING EMANUEL EXPECTED IN ROME

(Associated Press Leased Wire.) ROME, Oct. 27.—King Emanuel will arrive here tonight. He has been expected to come to Rome today, and is expected to arrive here tonight. He has been expected to come to Rome today, and is expected to arrive here tonight.

ENGAGEMENT ANNOUNCED

Mrs. Lucie Lovell, announced the engagement and approaching marriage of her daughter, Miss Alice Lovell, to William Lewis Neal. The wedding is to take place in November.

Fire Chief Asks For Right Of Way Answering Calls

L. F. Mitchell, chief of the Danville fire department today issued an appeal to citizens asking for the abandonment of the general habit of hastening to the scene of fires in their automobiles when a fire alarm is registered, this frequently hindering the department from arriving at the scene of the trouble and causing delays which represent loss of money to the person in whose home the fire has broken out.

The increase in the number of automobiles owned in the city and the growing frequency with which machines speed away to the situation of the fire alarm box has reached a stage, the fire chief stated today, that he felt compelled to caution citizens about it and to ask for their cooperation especially now which is the beginning of the "fire season" which usually follows the utilization of stoves and grates after the summer. Chief Mitchell stated:

"The Fire Department is often handicapped in various ways, but the greatest is automobiles rushing to the scene of a fire just as close as the driver can get, one behind the other until the Fire Department cannot do their best work. I would like to request the citizens of Danville not to hasten to the fire in their cars but leave them a block away so the firemen may have free access to all the fire hydrants and the street."

"It is often the case that when a fire engine arrives at the fire, a line of automobiles has crowded in behind and the driver is unable to maneuver his machine to get back to a fire hydrant, this may cause our city a great loss. It may be their house that is burning and all citizens should bear this in mind."

"Citizens can also be of great help to the fire department by keeping themselves posted on the locations of alarm boxes and the telephone numbers of each station. In case of fire always pull the box nearest the fire, and in case of telephoning, in case of fire, always call the station nearest the fire. Seconds count when your house is on fire."

The fire chief called attention to the city ordinance requiring all vehicles to pull up to the curb and stop on the approach of a fire apparatus, and to that prohibiting the parking machines within ten feet of a fire hydrant.

Admiral Rodman Raps Politicians

(Associated Press Leased Wire.) DES MOINES, Oct. 27.—The United States "owes its independence and commanding position in the world affairs to the achievements of its navy," Rear Admiral Hugh Rodman, who commanded the battleship force with the British grand fleet in the world war, declared in an address here today.

He urged his hearers "as patriotic citizens to instruct their congressmen to give us 100 per cent. navy so that we will be ready to act instantly, and your money will not be wasted."

"It is a pity," he said, "that politics mean party politics—have such an important bearing on this subject that not infrequently our forces and navy are made to suffer on this account. If we had more statesmen in Congress and fewer local politicians, our country and navy would be benefited."

Republican Party Funds Are Low

(Associated Press Leased Wire.) CHICAGO, Oct. 27.—The Republican National committee has raised \$422,066.36 for the present campaign and up to the close of business Wednesday had spent \$42,444 leaving \$382,900 on hand, Treasurer Fred L. Hahn announced today.

His report filed with the clerk of the House of Representatives showed R. B. Mellon, of Pittsburgh, brother of Secretary of Treasury Mellon as the largest individual donor. He gave \$25,000.

Local Republicans Await Crash Of B. R. Powell's Bolt

While Fifth District Republicans may be said to be interested in the "thunderbolt" which Ben R. Powell, of Gretna, former postmaster of that place, is preparing to hurl, there appears to be no alarm in their ranks. Enquiries were made this morning in Republican circles about the special dispatch received by this paper yesterday from Washington in which Mr. Powell was quoted as being on the verge of making a surprise.

"Nobody seemed to be quite sure of the surprise which Mr. Powell has up his sleeve, but it is whispered that the big noise may cloud loudest about the headquarters of Bascom Siemp, distributor of patronage in Virginia. There has been gossip for some time floating about the district about the alleged sale of patronage and in some quarters it was felt that this is the type of thunderbolt to be cast loose by the Gretna man who is said to be at odds with the majority Republican in that district."

In connection with the Danville postmaster, local Republicans do not look for any new move within 30 days the usual time taken in determining the results of the civil service examinations. Friends of Frank D. Lumpkin who is acting postmaster here are reported to be more encouraged than they were believing that the elimination of J. V. Reynolds as a contender for the place will remove the chief obstacle in the way of Mr. Lumpkin, who has the support of the Siemp organization.

Freight Claim Agents Meet

(Associated Press Leased Wire.) WINSTON-SALEM, Oct. 27.—Reduction of freight trains and methods of protecting the shipper in all possible ways, the best method of cooperation with the public in the handling of freight and a uniform method of handling excess and stray freight and matching against shorts and destination points were discussed today at the quarterly meeting of the Virginia freight claim conference held at a local hotel.

About 30 prominent claim officials representing nine railways were in attendance. The organization includes all freight train officials in North Carolina, Virginia, South Carolina, Pennsylvania, Maryland and West Virginia and nearly all of these states were represented at the session. The conference is held four times a year. J. A. Baumgardner, of the Southern Railway located at Chattanooga, is chairman of the conference and J. E. Raskerville, of Norfolk and Western at Roanoke, secretary.

SWELLED LIKE A BALLOON

NEW YORK, Oct. 26.—Daniel Sanzio, eight years old, died yesterday at the Mountsinai Hospital, Montclair, N. J., from a rare disease which caused his body to swell like a balloon. The disease is described by Deputy County Physician William M. Brien as caused by the parasites, ascariasis capillaris. The illness was discovered by Dr. West, of Johns Hopkins University in 1917. It was at first thought to be a form of erythema.

The boy fell from a cart in his father's stable Sunday, suffering Mrs. Pittenger is unusually active. She is adept at reed work and makes excellent baskets.

ARE NAMED AS SLAYERS

Stole a Balloon, Charge Preferred

KINSTON, N. C., Oct. 26.—I. L. Cody, a balloonist, has been acquitted of a charge of larceny of a balloon and other equipment worth \$500 preferred by a partner here. The police failed to discover suspected underlying motives for the prosecution.

In the party with Cody were two or three other parachute artists, including a girl. Police Judge Elliott terminated the action by dismissing the charge and taxing Cody's partner with the costs.

Fire Does \$25,000 Damage on Ship Sold for \$3,300

WASHINGTON, Oct. 26.—Chairman Lasker, of the Shipping Board, made one big mistake when he sold the "wooden fleet" recently at \$3,300 a ship to be broken up.

The Alanthus, one of the wooden steamers sold for \$3,300, was brought to Alexandria, Va., to be dismantled. Last night fire was discovered in the engine room. Today the damage done to the vessel was estimated at \$25,000.

—Mrs. W. C. Garvin, of Lynchburg, is visiting her brother-in-law, David P. Garvin, Mount Vernon avenue.

Senator Glass To Speak Here

Will Appear in Danville on November 6th in Behalf of the Democratic Nominees.

United States Senator Carter Glass will speak here on the night of November 6, in behalf of the candidacy of Senator Claude A. Swanson, Congressman J. Murray Hooker and Frank Talbott, superintendent of public utilities, who are the Democratic candidates at the November election.

This is the only Democratic meeting that will be held here during the campaign. Senator Glass is a figure of national-wide prominence and is one of the ablest speakers in the Democratic ranks. He is widely and well known in Danville where he is a popular figure. His knowledge of national affairs equals that of any man in the country and in his speeches during the present campaign in other sections of the state, has drawn large crowds. The newspaper reports indicate that his analysis of the record of the present administration contrasted with that of the Wilson administration has been widely commented upon and much enjoyed by all who have heard him. He has been speaking in the sixth and ninth districts in support of Senator Swanson and the Democratic candidates for Congress in those two districts.

The place and hour of the speaking will be announced later.

At 97 She Bakes Birthday Cake

NORWALK, Conn., Oct. 26.—Susanna Pittenger of Greenwich recently celebrated her 97th birthday. She baked her own birthday cake. Mrs. Pittenger is unusually active. She is adept at reed work and makes excellent baskets.

Nearly \$3,000,000 Paid Thus Far For Leaf Marketed Here

Danville Street Program Has Been Carried Out

The R. M. Hudson Company which since early last Spring began carrying out Danville's large city street improvement programme has finished work on all of the contracts awarded it. The equipment has been stored on a tract of land near River street where the asphalt making plant has been maintained. The Bradley road and the Canal street improvement were recently completed, these being the last contracts to be completed.

The Hudson company has been paid approximately \$60,000 for its work on about five miles of city streets since the beginning of the year.

Just what street work is to be done next year remains to be determined by the city council but it is considered almost certain that Craghead street will be resurfaced from end to end, this street just now being in very bad condition. This was one of the streets outlined in the bond issue campaign but it was later felt that it could remain unimproved this year. Contract for this work has not been yet awarded but it is more than likely that the Hudson company, whose work has been regarded as highly satisfactory will do the work since it has its plant already here also its equipment and it probably would be able to underbid other concerns by reason of this.

There is talk of asking for a bond issue for further city street improvement and further extension next Spring in the event the city has an election to pass the issuance of \$150,000 bonds for school improvements.

What work is undertaken in Danville next year will have to be paid out of the general city funds several thousand dollars being already pledged in payment to property holders on Mount Vernon and Virginia avenues who financed the improvement done on those streets this year.

Official Tobacco Figures Show Nearly 3 Million Pounds Sold for the Week at Average \$31.86.

Danville sold more tobacco for the week ending yesterday than during the week before, the average showing a slight decline, however.

Official figures for sales for the week closing yesterday evening show the disposal of 2,725,935 pounds for \$868,683.40, the average being \$31.86. Total sales for the season amount to 8,712,651 pounds for \$2,887,239.63, the average being \$33.13.

The sales last week totalled 2,140,272 at an average of \$32.82.

Sales for the corresponding period last year totalled 1,315,371 which brought \$371,930.73, the average for that week being \$28.28.

Figures on the receipts by the two co-operative marketing houses which have had a busy week have not been given out following the policy of the organization not to do so.

Sales today are heavier than they were yesterday with the likelihood of the offerings now on hand being disposed of by the end of this day.

John Bustard, secretary of the Tobacco Association announced today that the Basket Committee of the Association as purchased an additional thousand baskets which will be here tomorrow, bringing up the supply here to 22,000. This is expected to relieve the market of a basket shortage felt during the recent glut of tobacco. Tobacco sold on the warehouse floor is removed and the baskets on which they are sold are in instances of heavy deliveries when the redrying plants are unable to keep up the deliveries these baskets accumulate in the factories.

A. W. CANTER IN HOSPITAL

A. W. Canter, formerly of this city now making his headquarters in Richmond where he is a travelling salesman is seriously ill at Edmunds Hospital. He was brought to Danville last Monday from a Richmond hospital where he has been taking treatment. His condition continues to cause considerable anxiety.

Democrats Strive To Control House

Fulwiler's Second Request Also To Be Turned Down

By George H. Manning (Washington Correspondent of The Danville Bee.)

WASHINGTON, D. C., Oct. 27.—Officials of the Washington prohibition headquarters appear to have experienced no change of mind about the wisdom of retaining at Richmond the Virginia headquarters of the Federal prohibition forces.

The second appeal of State Director Robert A. Fulwiler, made a few days ago, for permission to move the State headquarters to Staunton, his home town, it appears, will be turned down as was his first request made about a year ago.

Fulwiler's request is "quite similar to those made by directors in several other States to have the headquarters moved to, or very near to, their home towns," said Assistant Prohibition Commissioner Jones today. "The Washington headquarters looks upon these requests with a view to a good of the service and general efficiency of the force. We cannot be influenced too much by the wishes or convenience of the directors."

"We are still thinking over Mr. Fulwiler's request. Before we can decide to approve an appeal of prohibition, we shall send an inspector to Staunton to see what office space is available there; what train, mail and telephone facilities there are; and other facts of importance. Up to this time nothing has been shown to demonstrate any possible advantage to the service from the proposed change."

There have been fresh indications recently that Mr. Fulwiler intends to go back to Staunton and if he is unsuccessful in getting the prohibition headquarters moved there, he will, he can retain the \$5,000 job at home, he will be a candidate shortly after election for the Staunton postmaster ship which pays \$3,000 per annum.

Seven of Nine Virginia Congressmen Contribute to Carry on Campaign to West Control from Republicans.

By GEORGE H. MANNING, (Washington Correspondent of Danville Bee.)

WASHINGTON, D. C., Oct. 27.—Seven of the nine Virginia Democratic members of the U. S. House of Representatives responded to the recent appeal of the Democratic National Congressmen's Committee for funds to carry on the campaign to wrest control of the House from the Republicans.

Four of the seven contributed the full \$100 each that the congressional committee asked; one gave \$75; the two others \$50 each, and the remaining two gave nothing at all out of their salaries of \$7,500 a year as congressmen.

These facts are disclosed in the report made yesterday to the clerk of the House of Representatives by the congressional committee giving the contributions received and expenditures made in connection with the campaign.

A couple months ago the Democratic National Congressmen's committee sent a letter to each Democratic member of the House soliciting a subscription of \$100 from each member to the general fund to carry on the Democratic Congressional campaign in all the 345 districts of the country.

In response to this call, Representatives Bland, of the first; Harrison of the Seventh; Moore, of the Eighth; and Tucker, of the Tenth, gave \$100 each; Patrick Henry Drewry, of the Fourth, gave \$75; and Montague, of the Third and Beall, of the Second, gave \$50 each. Representative Murray Hooker, of the Fifth gave nothing. Mr. Woods, of the Sixth is not a candidate for re-election.

As the name of Representative Schuyler, Oct. 26, of Newport News, stands first on the committee's list of contributors it may be surmised that he was the most prompt of all the members of the House to respond to the call for financial sinews of war.

The report shows that up to October 25th, the Democratic National Congressmen's Committee received contributions of \$9,184.11 and spent \$7,736.03. All the expenditures were for salaries of employees, printing, stationery, etc. There is nothing to show any contributions by the committee to the campaign of members in any of the doubtful districts and if any lump sum subscriptions of this kind are to be made they have been held back until after the closing of this report for use in the closing ten days of the campaign.

Out to Christianize 1,500,000 Jews Here

BUFFALO, N. Y., Oct. 26.—Paul J. Moretti, pastor of the Jewish synagogue of the United Lutheran Church in Philadelphia, told a Lutheran convention here today that there are 4,000,000 Jews in America, of whom 1,500,000 are in New York City, and that "these must be Christianized."

"We must enter New York City," Mr. Moretti said, "and establish there the best equipped station of its kind in America. If the Jew has become a menace, it is because of the neglect of the Christian church and its attitude toward the Jew."

—Mr. Paul F. Murray, of Norfolk, Va., is in the city for the Rowe-Bass trip.

DAIRYMEN HELD MEETING THURS.

A meeting of much importance to the dairymen supplying milk to Danville was held in the rooms of the Chamber of Commerce yesterday. P. A. Buchanan, dairy specialist of the Extension Division at Blacksburg, was present. In an address Mr. Buchanan stressed the importance of the dairyman getting together in an organization for a milk campaign having in view a better milk supply, also cooperation in the purchase of feeds, etc.

At the conclusion of his address suggestions were offered by W. M. Perry and others. An organization committee composed of C. W. Tinsley, D. R. Ford, W. B. Fulton and W. H. Hicks was appointed to secure a meeting in the near future at which time a permanent organization will be perfected.

—Mrs. Edwin Bower, of Wilmington, N. C., is visiting her aunt, Mrs. C. R. Spooner, 621 Wilson street.

—Mr. and Mrs. N. T. Long and W. T. Jr. are visiting friends in Baltimore and New York.

TWO GIRLS ARE SOUGHT FOR THEFTS

Police detectives J. N. Campbell and J. C. Lewis are looking for three women, who on yesterday committed or attempted to commit robberies, two women residents of Pelham reporting that they had been victimized.

Mrs. Bessie Howard reported that while she was in the ladies' rest room in the chamber of commerce building two young women took her pocketbook containing about \$12 in cash and a check for \$40, and made their escape.

Mrs. Howard stated that only she and two young women were in the room. She says she laid her pocketbook down to fix her hat and that when she turned around a few moments later, the pocketbook was missing, also the two women. She reporting, also, the two women. She reporting, also, the two women. She reporting, also, the two women.

Mrs. Tom Pierce, also of Pelham, reported that while she was making a purchase in a local store, a middle-aged woman standing close to her, attempted to take her pocketbook which she had laid on the counter while she looked over some articles she wished to buy. She said that the woman had placed her hand on the pocketbook when she glanced down. "Wait a minute, that's my pocketbook," Mrs. Pierce said she told the woman and that the stranger immediately left the store. A description was given and police officers are looking for the trio.

STORY WAS GOOD BUT WAS FAKED

A few days ago there appeared in the Danville Register a hornet story which took place in Fond du Lac, Wis. The Register readers, a former resident of that city sends a clipping of the story from a Fond du Lac paper.

FAKED

"A battle with maddened hornets" in which "two horses are killed," a farmer is killed nearly to death and "the heroism of his bride of a few months, who hitched up a team of colts at a drop of a hat," are some of the features of a wild story, the scene of which is laid "near Fond du Lac," and which is published as a "true story" by an afternoon Milwaukee newspaper and a Chicago morning newspaper.

It is a wonderful story. Aside from the facts that—

No such farmer is known near Fond du Lac.

On the day mentioned, after a nightfall, there was a heavy frost and a heavy hornet could not have been found in a radius of 50 miles.

Hornets do not build nests where they can be "knocked down as he took the bride off a peg."

Aside from the nature of the story, a great deal of speculation is excited as to the origin of "horns" of that character from the vicinity of Fond du Lac.—The Daily Commonwealth.

THEODORE ROOSEVELT

Born October 27, 1858

Died January 6, 1919

ROOSEVELT AND THE NAVY

The anniversary of Theodore Roosevelt's birth is the choice of America's sea fighters as "Navy Day."

"It is appropriate," says a statement by the Navy Recruiting Bureau, "that the first Navy Day should have the same date as Roosevelt's birthday, for a stauncher friend the navy never had."

As early as 1901 Roosevelt was fitting up his voice for an adequate American sea force. "The work of rebuilding the navy," he declared, "must be steadily continued. No one point of our policy, foreign or domestic, is more important than this: to the honor and material welfare, and above all, to the peace of our nation in the future."

Again: "The navy offers us the only means of making our insistence upon the Monroe Doctrine anything but a subject of derision to whatever nation choose to disregard it. We desire the peace which comes as of right to the just man armed, not the peace granted on terms of ignominy to the craven and the weakling."

Preparedness, too, was his theme: "It is not possible to improvise a navy after war breaks out. The ships must be built and the men trained long in advance."

Need of Men.

Himself intensely human, the human element in every proposition appealed to Roosevelt. The differences between personnel and material were distinctly apparent to him. He understood man power.

"I call your special attention," he said in 1902, "to the need of providing for the training of ships. It is no more possible to improvise a crew than it is possible to improvise a warship."

In the same year: "There is not a

cloud on the horizon at present. We most earnestly hope that this state of things may continue; and the way to insure its continuance is to provide for a thoroughly efficient navy, or shortsightedness in refusing to prepare for danger, is both foolish and wicked in such a nation as ours."

In 1904: "Our voice is now potent for peace, and is so potent because we are not afraid of war. But our protestations upon behalf of peace would neither receive nor deserve the slightest attention if we were impotent to make them good."

Upon another occasion: "A strong and wise people will study its own failures no less than its triumphs."

War of 1912.

And then Roosevelt proceeded to draw a lesson from the War of 1812. If, during the 12 years which preceded it, he said, the United States had built up an army and a navy relatively as good as those she possessed at the time, "I spoke," he asserted, "would have been the slightest necessity for fighting that war; and if the necessity had arisen, the war would have ended with our speedy and overwhelming triumph."

But our people," continued the president, "refused to make any preparations whatever. They saved a million or two of dollars by so doing, and in mere money paid a hundred-fold for each million thus saved, during the three years of war which followed, suffering upon our people and which at one time threatened the gravest national disaster, and in which, in spite of the necessity of waging it, resulted merely in what was in effect a drawn battle."

Mrs. Hall and Brother Named By Mrs. Gibson

(Continued From Page One.)

New Brunswick tonight that the denunciation was approaching fast. No hint of when the climax, culminating in arrest, might be expected was given by special Deputy Attorney General Wilbur A. Mott, placed in charge of the case by the state when the county authorities had thrown up their hands. Admitting the importance of the story told by Mrs. Gibson, he professed to have other information on which he could act independently of her affidavits.

Mrs. Mott's last words tonight, before leaving for his home in Newark, were:

"The time is not quite ripe for an arrest, in my judgment."

He admitted that Mrs. Gibson's identification, generally speaking, would afford sufficient ground for an arrest, but said that, under the present circumstances, it would be well to have corroborating evidence. Sergeant Lang of the state police, State Detective Mason and a county detective visited the Phillips farm again today going carefully over the ground mentioned in Mrs. Gibson's story. Mrs. Gibson—who retired from the thrills of a circus ring to raise pigs, introduced herself unobtrusively into the case when Clifford Hayes, war veteran was arrested. Keeping silence it is set forth, because of the financial influence of persons whom her story would implicate, she nevertheless went to the authorities with her story when she found Hayes falsely accused. At that time, it was learned today, she was brushed aside in the excitement of an arrest. When that trail proved a blind alley, some one remembered the "pig woman" as Mrs. Gibson is known throughout the countryside. Detectives went to her humble little home, for the preservation of which she had been straining every nerve to meet mortgage engagements. It was then reported that the authorities had located a woman who had been an eye-witness of the double murder, but it was not until Tuesday that her name became known.

At that time it was learned that she had identified the women with the murderer and had heard her cry out the murderer's name. She had met the woman some time ago at a rummage sale.

Today she told newspaper men, in a graphic account of the slaying, that she did not know the murderer at the time, but that she since had met him again in the prosecutor's office and recognized him. This assertion has not yet been incorporated in an affidavit, but the main story of the shooting is contained in a sworn statement turned over to Mr. Mott.

It was learned today that Mrs. Gibson had recited for detectives her movements on the night of the murder. They waited until the nine o'clock Millstone bus passed. Mrs. Gibson went out to the barn and saddled the Jenny mule. She rode ahead of them down the rustic lane, at the pace one would take following a ramshackle wagon down a soft dirt, rain gullied highway. She turned about at Eaton Avenue. The detectives turned their automobile in behind her and she pointed out the places, where, in the beam of its headlights, she had seen the automobile against which the man and the woman stood, and the other automobile.

Mrs. Gibson went on up the road until she was opposite the crab-apple tree, kicked off a moccasin and got down, retrieved it, and remounted. One of the detectives stood by her and the other went to the crab-apple tree and flashed a searchlight on it at arm's length on himself, so that it was certain Mrs. Gibson's recognition of the

woman in the gray coat there was possible. It was.

"Well," said one of the detectives after the testimony, "that's enough for tonight, Mrs. Gibson. Shall we go home with you?"

"No, boys," she replied with a good natured laugh. "Thank you, no. I'm not afraid of the dark. I'm not afraid of man, God or beast."

And to use her own words in her narrative of the murder, she "put her heels to the Jenny mule and rode on home," at a gallop in the darkness of the lane.

An interesting development in the case tonight sprang from the reported intention of the new prosecutor to try to induce a member of the slain rector's church, who, he is said to believe, has a positive knowledge of the circumstances leading up to the double murder, to become a witness for the state, thus corroborating Mrs. Gibson's narrative.

This man's testimony is desired by Special Deputy Attorney General Mott. It is stated, before he gives the order for the arrest of two persons for the crime. If the churchman is disinclined to tell all he knows, it was understood he might be arrested.

DR. LATHAM AND FAMILY ARE LEAVING TODAY

The Rev. Joseph N. Latham, D. D., for seven years pastor of the Main Street Methodist church, will leave this afternoon at 4 o'clock for Richmond, Va., accompanied by his family, having been transferred to the pastorate of the Centenary church in that city by Bishop Candler at the recent annual conference, held this year in Norfolk. Dr. and Mrs. Latham have won many devoted friends in this city who regret their going, but realize that under the Methodist itinerant ministry plan, the change is inevitable. Before leaving Danville, they have been the recipients of many tangible and visible tokens of the regard of friends and groups of admirers. Doubtless quite a number will go to the railway station this afternoon to bid them goodbye.

98 Out of Every 100 Women Benefited

An Absolutely Reliable Statement Important to Every Woman

Remarkable Results Shown by a Nation Wide Canvass of Women Purchasers of Lydia E. Pinkham's Vegetable Compound. — 50,000 Women Answer —

For some time a circular has been enclosed with each bottle of our medicine bearing this question: "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

Replies, to date, have been received from over 50,000 women answering that question. 98 per cent of which say YES. That means that 98 out of every 100 women who take the medicine for the ailments for which it is recommended are benefited by it.

This is a most remarkable record of efficiency. We doubt if any other medicine in the world equals it.

Think of it—only two women out of 100 received no benefit—98 successes out of a possible 100. Did you ever hear of anything like it? We must admit that we, ourselves, are astonished.

Of course we know that our medicine does benefit the large majority of women who take it. But that only two out of 100 received no benefit is most astonishing. It only goes to prove, however, that a medicine specialized for certain definite ailments—not a cure all—one that is made by the most scientific process; not from drugs, but from a combination of nature's roots and herbs, can and does do more good than hastily prepared prescriptions.

You see, we have been making, improving and refining this medicine for over 50 years until it is so perfect and so well adapted to women's needs that it actually has the virtue to benefit 98 out of every 100 women who take it. It's reliability and recognized efficiency has gained for it a sale in almost every country in the world—leading all others.

Such evidence should induce every woman suffering from any ailment peculiar to her sex to try Lydia E. Pinkham's Vegetable Compound and see if she can't become one of the 98

THE LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.

Greek Relief Response Good

Yesterday was collection day for donations of men's and boys' clothing, dresses, lingerie, hosiery, shoes, etc., donated by Danville people for the relief of the expropriated, homeless and destitute women and children of Thrace and portions of Asia Minor from which they were hustled by the surrender of sovereignty therein to the Turks under the terms of the Mudanya agreement. Hundreds of thousands of Greek Christians were in that portion of the old Turkish empire, known as in ancient times as Thrace, have had to give up homes, lands, occupations, property and everything not easily portable, and flee to this country, and on the way, not whether or how, but flee, they must if they would save the lives of their families from anticipated Turkish massacre and barbarities.

The rigors of winter are near in that rugged country, and on the way, not whether or how, but flee, they must if they would save the lives of their families from anticipated Turkish massacre and barbarities.

The rigors of winter are near in that rugged country, and on the way, not whether or how, but flee, they must if they would save the lives of their families from anticipated Turkish massacre and barbarities.

The Greek residents of Danville, or fifty-two of them, yesterday made eager and generous response when a committee consisting of James A. Aias, George Stefanos, Charlie Kirlos, John Papas and Thomas A. Dentiste called on them in the effort to provide funds to aid the stricken people. The more than two million people who remain here, scattered in Asia Minor, Egypt and the Aegean and Mediterranean islands, while according to authorities Venice, formerly Greek premier, more than a million of the Greek and home-coming many of them wandering, seeking over rugged country, with such belongings as they can carry, enduring cold hardships and suffering as they seek to reach safety from their dire need. Hence the appeal of the familiar friend, "He gives thrice who gives quickly."

Hence the appeal of the familiar friend, "He gives thrice who gives quickly."

lished by this newspaper, is meeting with generous response. At the Keen Street Baptist Church a small congregation, of which the Rev. J. Clyde Holland is pastor, a splendid response was made last night to this appeal which has been proclaimed also from the pulpit. The people came bearing their bundles, and then all had deposited them it required a seven-passenger car to transport them. Mr. Holland, the pastor, has issued the following notice for the benefit of any who desire to contribute:

"The entrance of Keen Street Baptist Church, on the right side of the building, will be opened each afternoon from 2 to 4 o'clock. Persons desiring to give clothing may place their packages to the church and, if they desire, place their names on the packages. Persons who wish to make cash contributions and who do not see Mr. Dentiste, may hand same to Rev. J. Clyde Holland."

Others may have packages of clothing and wearables for men, women or children called for if they will telephone 1058—, or address P. O. Box 755, this city.

CHATHAM NEWS

CHATHAM, Va., Oct. 26.—The spacious and beautiful home of Mrs. James W. Collie in South Chatham was on Monday evening the scene of a very brilliant party given to a large number of friends who enjoyed every moment of the occasion. The affair was a social gathering of the kind that is so popularly enjoyed by all present. Refreshments were served.

Work on the addition of Hotel Bennett is well under way and this week will see the concrete foundation completed and brick laying will begin early in the coming week. In addition to this building now going up the other building will be raised on the story giving a large number of bedrooms and fitting the hotel with many modern conveniences. The work will require several months but will all a need of many years.

Miss Salie Covington of Danville is the guest of Mrs. R. I. Overby.

Mrs. W. D. Peake wife of Prof. Peake of the Chatham High school died at Edmunds Hospital in Danville today.

R. R. Norvel of West Virginia was a recent guest of relatives here.

Mrs. R. C. White for several days sick at her home on Depot street is very much improved.

L. E. Griffith a student at Chatham Training school is recovering from a recent spell of pneumonia.

Mrs. R. J. Reid is sick at her home on North Main street.

New Treatment For Deaf Mutes

Northern New York Institution Will Employ X-ray, Violet Ray and High Frequency.

MALONE, N. Y., Oct. 26.—The Northern New York Institution for Deaf Mutes is about to start a new treatment of the deaf according to the method of a New York specialist. This method employs the X-ray, the violet ray and a sinusoidal, or high frequency machine.

The Malone institution is the first in America to adopt this statement. It has been led to this step by obtaining good results from experiments with other and older electrical devices. In these cases the ear drum and muscles about it have been expressed by the use of a tiny air pump, which alternately forces the air into the ear and sucks it out again.

An electric vibrator is applied to the muscles and nerves under the ear and at the base of the skull. A crude coil also has been used to send a current through the head from ear to ear. The theory is that of the high frequency machine, which has, however, a greater potency.

A careful tabulation of the cases treated at the school in this manner indicates that the hearing of 15 per cent. of the pupils has been improved and Supt. E. C. Rider of the school is confident that the new machines will greatly increase the percentage of improvement. The superintendent went to New York and personally investigated the efficiency of the new apparatus.

Before adopting it he witnessed the operation of the machines, talked with the patients and their relatives and obtained convincing proof of the improvement of those under treatment. The violet ray is applied directly to the skull, penetrates it, acts upon the mysterious pituitary gland and is the chief factor in the restoration of the sense of hearing.

"The use of electricity in the treatment of deafness is no longer an ex-

periment," Superintendent Rider said. "Its effects have already been demonstrated and we believe there is prospect of much further development along this line. However, we are not trying to deceive ourselves; neither are we holding out false hopes to others. Where hearing exists among our children we simply want to make it of some service and to improve its use if possible."

Presbyterians Close Session

(Associated Press Leased Wire.)

LINCOLNTON, N. C., Oct. 27.—The question of the stewardship budget of the synod of North Carolina of the Southern Presbyterian Church which adjourned last night was settled by the adoption of an amendment providing that the committee on stewardship be asked to assume 25 per cent. of the budget and that in case the latter will not do this that the original recommendations that Synod committee of stewardship raise the amount should stand. The latter committee would raise 75 per cent. provided the assembly committee agreed to provide for one fourth of the money. The report of the Synod's committee on stewardship was debated at length, some delegates asserting that the expense was too high and objecting to the \$5,000 salary to the synodical manager, and claiming it is necessary to spend money to raise money. The work of J. B. Stillman, the manager, was praised by advocates of the plan and he was continued in office but under the title of synodical secretary and not manager. Each church being asked to appoint a stewardship secretary. The synod next meets the second Tuesday in Oct. 1923, the moderator to select the place.

—Mrs. V. L. Fowlkes, of South Boston, is visiting her brothers, Henry and Arthur Warriners of Herndon Hall, New York City.

CALORIES

Emphasis used to be focused solely upon the caloric value of foods. Now, it is known that vitamin-quality is equally essential to adequate nourishment.

Scott's Emulsion

has particular value as an energy-building food and tonic. It is also rich in vitamin-factors, so important in building up the body and promoting healthful progress.

Scott & Bowne, Bloomfield, N. J.

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription, "Anuric," is bound to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Anuric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.

Send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a ten-cent trial pkg. or ask your druggist for Dr. Pierce's Anuric (kidney and backache remedy).

Many folks in town have been benefited as was Mr. Curtis, Nashua, Va. "I had been troubled with rheumatism for more than ten years and had tried lots of different remedies, but none of them did me any good. Then I got and got Dr. Pierce's Anuric Tablets, and before I had taken two bottles I had no sign of rheumatism. I would advise any sufferer of rheumatism to give the Anuric a 'trial'."—Raymond Osmyrn Curtis.

ANNOUNCEMENT "Good People, Chatham, Virginia"

This is not the place where you will find excuse or abuse. It is the home of dry cleaning and delightful courtesy. Knowing our business as well as we do allows us to make rather broad statements about the quality of our work. Folks are beginning to have their winter coats steamed and not a few are sending us their last season suits to have them dry cleaned. The idea of saving money and at the same time dressing smartly appeals to many.

Mr. J. F. Terrell has kindly consented to act as our agent and any and all work given to him will receive prompt, careful and courteous attention. Phone him at No. 186. When in Danville drop in at 221 Main St., or call phone 436. We deliver twice a week in your city.

State Food Inspector Here

H. D. Willis, state food inspector, whose headquarters are at Richmond, has been in the city the past several days inspecting various places which handle foodstuffs, and his activities resulted in the halting into court this morning of proprietors of three bakeries—because he found conditions unsanitary at their places, but because they had failed to comply with the law in putting labels on bread sold by them. Willis will leave today for Lynchburg but will return to Danville next week and continue his inspections, which will include all restaurants, cafes, lunch rooms, meat markets, etc.

Proprietors of the three bakery concerns this morning were fined \$10 and costs each and all of them noted appeals. They were the Harris bakery, the Quality bakery and the Northside bakery. The inspector found that the three concerns were selling bread without placing labels on it. A good deal of argument arose between counsel for the defendants and the commonwealth. The concerns had placed the label on the smaller loaf bread, but in the cases of what is known as the Pullman bread or the Pullman loaf bread, this was not done. The defense contended that the law specified "loaf" bread and that the loaf piece of bread was not regarded by bakeries as a loaf. The commonwealth claimed that the term "loaf" applied to any mass of bread whether it was short or long. About half an hour was taken up in discussion by both sides before the cases were finally disposed. Fines of \$10 and costs were imposed and appeals were noted on the grounds that the law did not specify any other than the "loaf" and made no mention of the form of bread known as "Pullman."

Free to Asthma and Hay Fever Sufferers

Free Trial of a Method that Anyone Can Use Without Discomfort or Loss of Time.

We have a method for the control of asthma, and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as chronic asthma or Hay Fever, you should send for a free trial of our method. No matter in what climate you live, no matter what your occupation, if you are troubled with asthma or hay fever, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases, where the use of inhalers, douches, opium preparations, tinctures, "patent smokes," etc., have failed. We want to show everyone at our expense that our method is designed to end all difficult breathing, all wheezing, and all those terrible symptoms.

This free offer is too important to select a single day. Write now and begin the method at once. Send no money. Simply mail coupon below. Do today—you even do not pay postage.

WHAT ABOUT DARWIN?

BY THE NEW REPORTER

What does a monkey think about? Is he proud of being called the ancestor of the human race?

These questions I put to the leading monkey in New York and the following is the first authentic interview on the subject:

"Day by day in every way I am growing gloomier and gloomier," he said, pressing his dolorous face against the bars of the Zoo cage, and hooking his tail around a convenient limb.

"I watch the human race pass by and they look to me (especially on Sundays and holidays) like something any decent monkey would hesitate to claim kinship with."

"The thing that riles me is their conversation, their disagreement over Mr. Darwin's idea about men and monkeys having a common ancestor. Some look at me with pity, and others with scorn."

"I don't give a coconut what they think! Maybe Mr. Darwin was right. If he was, I'm horribly ashamed. After looking over the human race, I'm glad to say I'm a monkey. You may quote me for that. If the people I see are a sample of what education does, I'm glad we never had a school board in my native jungle."

"I hear them chattering about apartments, and I contrast my happy lot with theirs. My airy, roomy cage has the average flat backed off the board."

"They're always discussing clothes (especially the ladies). And when they're dressed up most of them look like monkeys—I mean like scoundrels. I've said I don't have to wear socks and collars and athletic underwear and abominations like that."

"What's this prohibition I hear so much about? Poor human beings, what a lot they have to contend with! They'd be better off caged—and let us monkeys see whether our branch of the family can't do something to make our common ancestor proud of us. It's sadly mixed up world. You'll have to excuse me now—I'm going to split a coconut with a friend."

MR. MONKEY.

much about? Poor human beings, what a lot they have to contend with! They'd be better off caged—and let us monkeys see whether our branch of the family can't do something to make our common ancestor proud of us. It's sadly mixed up world. You'll have to excuse me now—I'm going to split a coconut with a friend."

SENATOR WATSON BE HONORED BY COLLEGE IN GA.

(By International News Service.)

ATLANTA, Ga., Oct. 26.—As a memorial to the life of the late United States Senator Thomas E. Watson, "Sage of Hickory Hill," Thomson, Ga., there will be established in this State a great college for the education of the sons and daughters of Georgians who otherwise could not be given the advantages of a college education.

This is the plan of the Watson Memorial Association formed at Macon, Ga., recently.

A committee of the former staunch Watson supporters representing every county in the State is being organized, and this committee will have charge of the contributions to the memorial fund.

State Senator James Boykin, who is heading the movement, declared that in his opinion Senator Watson would have preferred such a memorial as a college rather than some massive piece of granite, marble, or a tomb towering above his last resting place.

Y. M. C. A. Activities

Starting next week the Junior class will be divided, one section to be known as the Midgets, which will include all the smaller boys, will report for class on the regular class days at three o'clock, the balance of the class will report at 3:30 and will leave the gym at 4:30. This change has been made in order to give the smaller boys a larger opportunity to get into the regular class activities.

A city-wide volleyball league is being planned, to include the different professions, banks, stores, grocers, Auto Co., Danville Knitting Mills and any other industry that care to enter a team. Games will be played Monday and Tuesday nights of each week on the Municipal Hall floor, starting at 8 o'clock and ending at 9 o'clock.

A series of games to be played in the two hours. This will afford a large number of busy men an opportunity for some needed recreation and exercise. If you are interested call Physical Director Savage.

The Danville School Basketball League players are starting to practice for the games that will start the latter part of November. Stedd Memorial with Ruskin, a former college star as coach, expects to have a good team before the season is far advanced.

Several of the other teams are stronger than last year.

The league for the younger boys is also being worked out, and this gives promise of some clever playing.

A number of the Sunday schools of the city have already appointed representatives to attend the older boys' conference at Roanoke, November 10, 11-12th. Danville High School plays Roanoke High in football on Saturday, the 11th. The selection from Danville will no doubt be allowed the time to see the game and root for D. H. S.

M. D. SAYS CIGARETTES DON'T HURT WOMEN

ST. LOUIS, Oct. 26.—Is cigarette smoking threatening the future of the American race and is it developing a menace to motherhood?

Over in down old London the medical authorities say it is. Summed up, the reply of neurologists here amounts to a couple of "Bahs!"

There are just two kinds of women in this country who bother about smoking, according to the version of a leading St. Louis specialist. One is the neurotic, restless, little nervous woman, the kind that easily becomes a "freak," and the other is the fatter, who takes a cigarette just to make a believe she's good sport. Neither class is seriously threatening the future of the race.

Neurotic women have been smoking pretty hard for centuries, and so far as I know that race isn't showing extinction.

Isn't a matter of health or morals. I'd call it just a question of taste. Let the old-fashioned prudish fuss go after it. A fat lady is so inclined to be a fat lady, she can't associate such nonsense with the word name of science!

Vigorous, healthy women who are doing the world's work and bearing children are not to be bothered with anything about smoking.

FUNERAL OF MRS. E. C. SCOTT

The funeral services of Mrs. E. C. Scott were held yesterday afternoon at the residence of her sister, Mrs. L. D. Bugh, 280-Y, Niagara & Hudson Sts., Danville, Va. The Rev. J. C. Smith and the Rev. B. B. Scott officiated.

The funeral services were numerous and beautiful. Mrs. Scott was laid to rest beside the body of her husband in Green Hill Cemetery in her life time was a well known citizen of Danville some years ago. She leaves one son, J. W. Scott, of Lynchburg, who was at the bedside when she died.

GIRL MISSING FROM HER HOME

RICHMOND, Va., Oct. 26.—Thelma McLain, sixteen-year-old, well known and pretty, has been missing from her home here since Sunday night. She left here to visit relatives at Ashland. When last seen she carried a small bag and a large doll. She has brown hair and eyes, and is five and half feet in height, weighing 120. She is quiet, and does not care for attentions from young men. The police have been asked to find her.

Amusement: "LASSES" WHITE'S ALL STAR MINSTRELS

The "Lasses" White's All Star Minstrels now on its third annual tour with a big company and many novelties to offer will be the attraction at the Majestic on Thursday, Nov. 2nd.

While many of the favorites of last season have been retained in the organization there are also some new faces but all those who saw the performance last year will be pleased to read that "Restivo" who made such a big hit is still a member of this mammoth organization. "Restivo" plays the piano accordion in a fashion that defies competition and has an entirely new selection of classical and popular airs with which to entertain his hearers.

Prices 50c to \$2.00. Seat sale opens Monday 10 a. m.

Government to withdraw \$11,000,000 from member banks in this district Thursday.

YOUTHFUL BANDITS IN IRELAND ROB COUNTRY BANKS, SMALL STORES

DUBLIN, Oct. 26.—Ireland is cursed with increasing banditry. Daily the reports of robberies and holdups continue to grow. Youths of adventurous and dishonest nature are taking advantage of the guerrilla warfare to stage numerous robberies. Thousands of pounds have been stolen from the country banks and untold small stores and groceries have been raided and their entire stores stolen. Though these happenings are more frequent in the country than in Dublin, nevertheless the Irish capital has its problem of lawlessness to deal with.

Ireland, with the exception of Dublin, is practically unpoliced, and the new government must sooner or later establish a constabulary which will protect the earnings of the country population.

Identity of many of the highway-men is known, but it has been difficult to bring them to trial and even more difficult to convict, for jurymen have been threatened and warned of death if they convict.

VAUGHAN-HAMILTON

Henry Vaughan and Miss Maggie L. Hamilton, of Swopsonville, N. C., moved from that community a distance of seventy-five miles to this city yesterday and were quietly united in marriage at the residence of the Rev. J. Clyde Holland on North Main street at one o'clock. They were accompanied on their mission by two of the young friends, T. W. Ward and J. D. Perrell. Immediately following the ceremony Mr. and Mrs. Vaughan returned to their native community where they will make their home.

SALES OF WILSON TOBACCO MARKET

WILSON, N. C., Oct. 26.—Sales for the week ending today on Wilson's auction tobacco market were 3,214,439 pounds. The average price for the week was \$33.35. The total sales to date are 29,069,900 pounds. The season's average is \$29.34. For several days the market has not been quite as strong on grades of tobacco above \$50, but firm on all grades below \$50.

REVIVAL IN PROGRESS AT SECOND BAPTIST CHURCH

Deep interest is being manifested in the revival services at the Second Baptist church. Rev. C. B. Austin, pastor of the First Baptist church, Launburg, N. C., preached last night on "The Greatest Sinner in Danville." There was one addition to the church.

COOK-HAWKS

The parents of the bride, Mr. and Mrs. J. B. Hawks, of this city announced the marriage of their daughter, Miss Annie L. Hawks to Moral Cook, of Richmond. The ceremony was solemnized at the residence of the Rev. J. Clyde Holland on North Main street yesterday at noon in the presence of a few relatives and select friends. Those witnessing the ceremony were Mrs. T. E. Hawks, mother of the bride, Mrs. Maude Constance and Mrs. Lola Edwards. Mr. and Mrs. Cook left on the afternoon train yesterday for Richmond where they will make their home.

Forward, speed forward, O Time in your flight, and give us a man that Dempsey can fight.

HORSE SHOW IN WASHINGTON

WASHINGTON, Oct. 26.—Notables in the horse world, sponsors and in some cases ridden by notables in governmental affairs, have been entered in a horse show to be held here tomorrow.

The entries include Harlan, President Harding's riding horse, and Jeff, the favorite mount of General Pershing. Three other horses owned by General Pershing—Prominent, Tom, Princess and Dandy—will compete while Major Harbord, acting Secretary of War, will ride his own horse, Gaylack, and Major General Holbrook, chief of cavalry will put his horse, Dragoon, through the paces. The military attaches of the British, French and Italian embassies will act as judges.

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with Eczema, Blotches, Ringworm, Rashes and similar skin troubles. Zemo obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. Get it today and save all further distress.

Woman Suspected Of Killing Mates

Mrs. Tilley Klemick Arrested in Chicago—Must Account for Four Husbands' Deaths and the Fifth's Illness.

(Associated Press Leased Wire.) CHICAGO, Oct. 27.—Mrs. Tilley Klemick and her son were arrested early today and held pending investigation of the illness of her husband Joseph Klemick reported very ill from a slow poison.

Police and the coroner's office have started an enquiry into the death of four of Mrs. Klemick's after the fourth before Mrs. Klemick's four former husbands. Klemick is the fifth, the police say, and there may have been another after the fourth before Mrs. Klemick was married to him a year ago.

Klemick told the police that Mrs. Klemick learned that he carried \$1,000 life insurance and then took out two more policies.

He says, according to the police that Mrs. Klemick frequently after that greeted him with such remarks as:

"You are really dead now" and "Did I not tell you, you were not going to live long?"

It was stated that after Klemick became ill two days, household pets, died after eating scraps from the family table.

Indian Tribe Interests Science

(By The Associated Press.) COPENHAGEN, Oct. 27.—The remains of certain Indian tribes of the West Indies, who became extinct some 400 years ago, are to be excavated and studied by two European scientists. Already Dr. Edmund Hart, inspector of the Danish national museum, and Professor I. P. B. de Josselin de Jong, of Holland, are on their way to Saint Thomas, Virgin Islands, to embark upon the work of digging for records of the habits and customs of this extinct race.

The Virgin Islands and some of the West Indian islands of Great Britain and Holland will be visited. One tribe in question emigrated from South America, but was wiped out of existence by the Spanish conquerors during the two generations that followed the discovery of America.

SALES ON CO-OPERATIVE FLOOR IN CHATHAM GOOD

CHATHAM, Va., Oct. 26.—The rains of last week have been followed by ideal weather for seeding wheat, and the farmers are very busy putting in their crop of wheat and winter oats and doing other fallowing for spring. This needed work has caused many to stop shipping tobacco, but the sales on the co-operative floor have held up well through the week, and the coming week promises greater deliveries with prices holding firm and farmers generally pleased.

The Edmunds primary got under way this week and this will be a great help in times of heavy sales, as it has a dry capacity of 75,000 pounds per day. A very large per cent. of the receipts of the co-operative is shipped the day of receipt, and so far a small per cent. has been redried.

Hunter Mistakes Man for Duck—Shoots Him

ATLANTIC CITY, Oct. 26.—Mistaken for a duck, Gus Kahle, 27, of Dorothy N. J., was fatally shot this morning in the woods near his home. Kahle was standing talking to his brother-in-law, near Emory, when he fired a bullet. The shot was fired by a negro named Helly who was hunting. Helly helped take Kahle to a hospital and then surrendered.

PROMINENT COLORED CITIZEN PASSES AWAY

F. R. Cook, 54, departed this life on Oct. 24, at 3:30 o'clock. He was home on Ross street. Death was not unexpected as he had been sick for three years. He leaves 3 sons, 3 daughters-in-law, 1 sister, 3 grandchildren and a host of friends to mourn their loss.

(Signed) FAMILY.

Mayfield's Name Will Not Go On Texas Ballot

(Associated Press Leased Wire.) DALLAS, Oct. 27.—Interest in the senatorial elections in Texas today was focused on Austin where the State Supreme court is expected to deliver the next and perhaps final word in the litigation over placing the name of Earl B. Mayfield on the November ballot as the Democratic candidate. As result of the constructed jury verdict in the Corsicana district court last night holding that Mayfield in obtaining the Democratic nomination had violated the statute limiting primary campaign expenditures to \$10,000.

The temporary injunction restraining the secretary of state from placing his name on ballot is kept in force until the court acts.

It was understood the court had had the case under consideration for some time and a decision today or tomorrow was expected.

Even though the court decide in favor of Mayfield it was pointed out by his opponents that the findings of the court would not become effective until 15 days after the verdict was rendered in order to permit an appeal to a higher court and that the election date November 7 would arrive before the limit. They claimed Mayfield's chance of election was to have voters write his name on the ballot.

OLIVER J. SANDS TO SPEAK AT CHATHAM

CHATHAM, Va., Oct. 26.—Oliver J. Sands, influential and prominent banker of Richmond, and executive manager of the Virginia Tobacco Growers Co-operative Marketing Association, will address the members of the association of Pittsylvania County at Chatham on next Saturday afternoon. Mr. Sands is rounding out a trip to the tobacco markets of the old tobacco belt and has something good to tell the members, and his coming has been given wide publicity. Accompanying Mr. Sands will be several expert growers, and it is very desirable that every tobacco raiser be present and hear the talks to be made by the speakers, as it will be of much benefit in helping them to prepare their crop for delivery, thereby saving time at delivery points. A very large crowd is expected.

STRIKER IS WOUNDED; TWO SUSPECTS HELD

LITTLE ROCK, Ark., Oct. 26.—Two suspects are held in jail, a number of others have been questioned by the police, and other arrests are predicted as the result of a series of disturbances today, during which the home of W. G. Coombs, a Missouri-Pacific Railway employee, was bombarded by a striking Rock Island machinist was shot, probably fatally, a street car carrying non-union Rock Island Railroad employees was fired on and stoned, and a negro employee in the Missouri was badly beaten.

Police said tonight that investigation of the various affairs, which occurred during the early morning hours, are still under way, but that no definite clues as to the guilty persons had been uncovered.

LINER ON WAY HERE DROPS RUM IN HALIFAX

HALIFAX, N. S., Oct. 26.—The Red Cross liner Silvia, plying between St. John's, N. F., Halifax and New York, landed all her liquor stores on her regular call here today to avoid running foul of the Daugherty Prohibition ruling. The Silvia will pick up the liquor on her return trip, thus violating the practice of using Halifax as a temporary storage place during the period Canadian ships are in American waters.

The Furness liner Sachem, sailing tomorrow for Boston, will follow the same procedure.

CONVENTION OF N. O. C. CLOSING

DECATUR, Ga., Oct. 26.—Fairfax Harrison, president of the Southern Railway will head the Stone Mountain memorial Association, according to announcement today at the closing session of the convention here of the United Daughters of the Confederacy by Mrs. E. T. Stevens, vice president. Mrs. Stevens is in charge of the Stone Mountain project which calls for the carving of figure 225 feet high in the side of the granite mountain of stone monuments honoring the soldiers of the Confederacy.

TICKER TALK

(Courtesy of Thomson & McKinnon.) NEW YORK, Oct. 27.—Federal reserve system ratio advances from 75.2 to 77.6. N. Y. Federal reserve bank ratio advances from 73.8 to 83.4. Atlantic Refg. Co. reduces gasoline 2 cents to 21 cents.

Italian ministry resigns as Fascist mobilizes forces and threatens to seize government.

New Haven net September 1,245,279 against 668,491 in 1921.

Judge Gary addressed American Iron and Steel institute this morning.

244,000 Foreigners Live On Rhine

(By The Associated Press.) BERLIN, Oct. 27.—Statistics compiled during the past summer show that there is a total of 150,000 foreigners living in the occupied territory on the Rhine belonging to Prussia, and in addition to this number approximately 90,000 troops and 4,000 foreign civilians attached to the forces of occupation. These figures, however, cover only about one-half of the whole occupied area, and do not include certain sections belonging to the Palatinate, Hesse and Baden.

Dutch nationals lead with 58,583 persons. They are followed by the Czechs with 13,424, then the Belgians with 6,279, and the Italians, the French and the Negroes with between 4,500 and 4,900 each. The number of resident Americans is not given.

The expense allowances granted to members of the International commissions in Germany, in addition to their monthly salaries, have been increased three-fold since the beginning of September on account of the mounting cost of living. The individual monthly allowances follow: Chief of staff, \$10,800; major, \$8,400; lieutenant colonel, \$6,000; colonel, \$4,200; lieutenant colonel, \$3,600; other majors, \$3,600; captains and lieutenants, \$3,200; non-commissioned officers, \$2,730; and privates, \$2,900.

Receiver For Negro Order

RICHMOND, Va., Oct. 26.—Judge R. Carter Scott, in city circuit court today, issued an order appointing Colonel Joseph Button, State insurance commissioner, as receiver for the Knights of Pythias of North America, South America, Asia, Europe and Africa, and also receiver for the Grand Court of Virginia, independent Order of Calanthe.

ESTATE SHELLED BY MISTAKE

CHICAGO, Oct. 26.—Brigadier General Van Horn Mosely, commandant at Fort Sheridan today summoned a court of inquiry to investigate whether a second lieutenant by accident or intent, directed the barrage from a machine gun, that sent a target—Lake Michigan—and shelled estates owned by Mrs. Edith Rockefeller McCormick, Cyrus H. McCormick and Francis W. Farwell late yesterday.

"I have suppressed the name of the second lieutenant who directed the bombardment," as I do not want anybody to know that such a blunder is on the muster roll of the army," asserted General Mosely in an explosive tone.

"EVELESS EDEN" SUCCESS

CHICAGO, Oct. 26.—The Bob O'Link Country Club, at Highland Park, Ill., has proved the success of its "Eveless Eden," C. E. Karlstrom, who has been re-elected president, announced today. The club, on November 1st, last year, voted to exclude women from the club, except on special occasions.

Social activities were vying with golf until the change of policy to make the club strictly a golf club. President Karlstrom said. The change also made it possible to dispense with some of the conventionalities of dress, and expenses of elaborate social programs were reduced.

Now the men can wear their old golf clothes and golf to their heart's content and the membership limit has been reached and there is an imposing waiting list, according to Karlstrom.

CONDITIONS IN PHILIPPINES

WASHINGTON, Oct. 26.—Major General William M. Wright, recently ordered home from the Philippines, where he was in command of the American forces reported at the war department today and informed of the conditions of the islands generally in the Philippine Islands.

The affected of the recently negotiated Philippine loans, he said was already noticeable in the improved economic conditions in Manila.

COST DUPES \$500,270

DENVER, Oct. 26.—Operation of confidence men in Denver from the summer of 1915 until the round-up recently by District Attorney Philip S. Vanoy, cost victims here \$500,270 in cash, as shown the cases on record. It was announced today by the District Attorney.

The sentence of the alleged ring recently foiled plans to obtain \$219,000 more in "schemes" than on foot, the District Attorney said.

DRUG SMUGGLERS INDICTED

CLEVELAND, Oct. 26.—Indictments against forty-three alleged members of a "drug smuggling ring" were returned by the federal grand jury here late today. All those indicted are in jail or out on bond. Most of them are Clevelanders. They were arrested by four federal narcotic agents and city detectives. The majority of those indicted are said to be "retail peddlers" for the "big dealers."

W. S. Walker, a prominent merchant of Cleveland who was operated upon for cancer of the prostate gland a few days ago for appendicitis is improving.

Newton St. Held Attention Of the Police Last Night

Will Dorcas, colored, a frequent character in court, has again landed in the toils of the law. Will has been hauled in court on many charges, including gambling, creating disturbances, fighting and other offenses which are characteristic of the Newton street section, but this time he was caught for the first time on a whiskey violation charge. Will's house was raided last night and around three gallons of whiskey found. This morning the negro pleaded guilty to the charge and was fined \$50 and costs and sentenced to thirty days in jail.

Mary Swann, a negro, who lives in the same house with Will, was arrested on the same charge but Will took all the blame this morning, saying the whiskey was his, and Mary was freed.

Last night Sergeant H. T. Haraway was given a tip that a five gallon can of whiskey had been delivered to Will Dorcas' house on Newton. Haraway and Patrolmen J. T. Clark, S. M. Heffinger and W. S. Edwards hurried to the scene. There was a large crowd in front of Will's house and they fled in every direction when the officers arrived. The search was made and about three gallons of moonshine whiskey found. Taking everything into consideration—the fact that the five gallons of whiskey were delivered but a few minutes before, the large crowd which hurriedly left, and the fact that but three gallons were found—it was concluded that Will had been doing a rushing business for a short time. From the time that the report came to the time when the police arrived, which was but a few minutes, two gallons of whiskey had been disposed of.

As long as Newton street was the scene of such lawlessness, the long officers took it upon themselves to undertake a "cleaning up" expedition and summoned ten characters, whom they considered bad, into court. They were James Holland, James Jamerson, Joe Harrison, Junius Spraggins, Will Dorcas, Bertha Logan, George Young, Stella Carpenter, Sally Dorcas and Mary Swann. Everyone of the above mentioned negroes are persons who were regarded as bad characters, the police having gained this impression from watching their activities from day to day and night too, more so the latter.

James Holland was given until Monday to give a bond of \$100 for his good behavior for twelve months or serve thirty days in jail. A similar warning was given Joe Harrison, Will and Sally Dorcas were already in enough trouble for the present and their cases were not decided. Junius Spraggins did not need the officers' summons and was present. Fines of \$5 and costs were imposed on the women who were present, on charges of loitering. From the evidence given by ex-cops, who were familiar with conditions on Newton street, both west and east of Lynn street, the accused had little chance of escaping the penalties.

Quite a little confusion took place in the courtroom just before the bad fame cases were called when Sally Dorcas and James Jamerson, became involved in an argument which finally sent them to jail. Court was temporarily halted when the two interrupted by loud and quarrelsome talking. They were ordered put in the dock. James became silent but Sally it seemed had partaken of too much moonshine whiskey and she became disorderly and was finally ordered taken to jail. Fines of \$10 and costs were imposed on each of the negroes for creating a disturbance in the courtroom.

Willie Reed, a negro, charged with operating a disorderly and ill-governed house in this connection, was granted a continuance until Tuesday.

Liza Crone, colored, must also answer a charge of operating a disorderly house, on next Tuesday.

The following other cases were disposed of in court which lasted for over two hours.

Mary Richardson, colored, fined \$7.35 for failing to pay dog tax.

Allice Moore, charged with violating Mapp Act, continued until next Tuesday.

Eva Hughes, colored, fined \$7.35 for failing to pay dog tax.

Posey Davis, fined \$28.50 on a speeding charge.

The case of L. O. Williamson, colored, charged with reckless driving continued until next Tuesday.

Cecil Hughes and James (Smoky) Williams, colored, were fined \$2.50 for gambling. They were caught several nights ago playing "skin."

Amos Davis fined \$10 and costs for violating the Mapp act.

Base Morton, colored, charged with transporting whiskey, was granted a continuance until Tuesday.

Stanley Cole, fined \$50 and costs on a charge of operating an automobile while under the influence of whiskey.

Edna Barkdale, colored, charged with creating a disturbance, and the former was made to pay the costs which was \$3.45.

Oscar White was fined \$11.50 for violating the traffic ordinance.

Herman Hubbard drew a fine of \$5 and costs on a charge of assaulting Clarence Mills, as result of a near fight which took place on the street last Wednesday night. Hubbard is alleged to have pushed a parked car and parked his automobile so close to Mills' machine that the latter would have been unable to get out of such a small place. However, Police Officer Morgan, ordered Hubbard to move the machine which he did and Hubbard returned later and accused Mills of saying that he wished he (Hubbard) was in jail. A blow was dealt by Hubbard, who claims Mills raised his arm to strike him. Mills denied attempting to hit Hubbard first.

STOCK MARKET

(By United Press Leased Wire.) NEW YORK, Oct. 27.—The stock market today was active and showed scattered selling developed several points of weakness. A change in sterling exchange and high or continental rates was a contributing factor to the upward trend. Bond buying support was noted in the equipment, game of oil, to two points. Were recorded by New York, St. Paul, Standard Oil, and New Jersey and Transcontinental oil.

CONGRESSMAN BOOKER HEND

Congressman J. Murray Booker is in the city today having come from the western edge of the district where he has filled numerous speaking engagements during the past few days. He has appeared at various communities in Franklin, Calumet and Maywood and will continue his tour of the district during the present recess period of Congress.

CLARK WINS TOURNEY

WASHINGTON, Oct. 26.—The annual fall tournament of the Washington Golf Club today was won by Kenneth W. Clark, of the United Press, who carried away the George M. Clark trophy with a net score of 71 for the 18 holes of the medal play.

James L. Wright, of the Cleveland Plain Dealer won the trophy prize, a series of lessons from a local professional. The tournament was played over the Columbia Country Club course, difficult links, which with the strong wind and a few clouds supplied plenty of alibi.

COLDS THAT DEVELOP INTO PNEUMONIA

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now. S. S. S. is a new medical discovery with a powerful action on the throat and lungs, which with the use of S. S. S. will cure any cold, cough, or pneumonia.

Of all known drugs, S. S. S. is recognized by the medical profession as the greatest healing agent for the throat and lungs, and for the cure of chronic coughs and colds, and other forms of throat and lung troubles.

It cures the throat and lung troubles by reaching the inflamed membranes and stopping the irritation while the granules go on to the stomach, where they are absorbed and the system is cleansed and the blood is purified.

Cremulose is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchitis, asthma, influenza, and other forms of throat and lung disease, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold no matter how long standing is not relieved after taking S. S. S. according to directions. Ask your druggist. Cremulose Co. Atlanta, Ga. adv.

ENTIRE ITALIAN MINISTRY RESIGNS

ROME, Oct. 26.—(By The Associated Press.)—Premier Facta and his entire ministry resigned this evening following the hostile attitude of the fascist and the ordering by the fascist of a general mobilization of its forces throughout the country if the cabinet declined to give up power.

The expectation in Rome tonight is that Victor Emmanuel would return the capital tomorrow for conference with the political leader prior to the formation of the government. The belief prevailed in some quarters that either Vittorio Orlando or Giovanni, both former premiers, would be requested to organize a new cabinet.

OYSTER'S WIDOW WEDS AGAIN

WASHINGTON, Oct. 26.—Mrs. Corde Oyster, widow of George M. Oyster, former chairman of this city, was married about a month ago to Bernard Shirliff, electrical engineer, of New York.

At the time of the marriage to Oyster, two years ago, Mrs. Shirliff was 72 years old. Oyster was 72 and was generally believed to be a millionaire, but after his death in the spring of 1921 it was found that his estate was valued at \$25,000. She immediately brought suit to break the will but final disposition of the case has not been made. Shirliff's friends say he is 52 years old.

Thin? Run-down? Sure Way to Get Right Weight

Increase Your Red-Blood-Cells. That's the Sure Way! S. S. S. Builds Blood-Cells; This Means Strength!

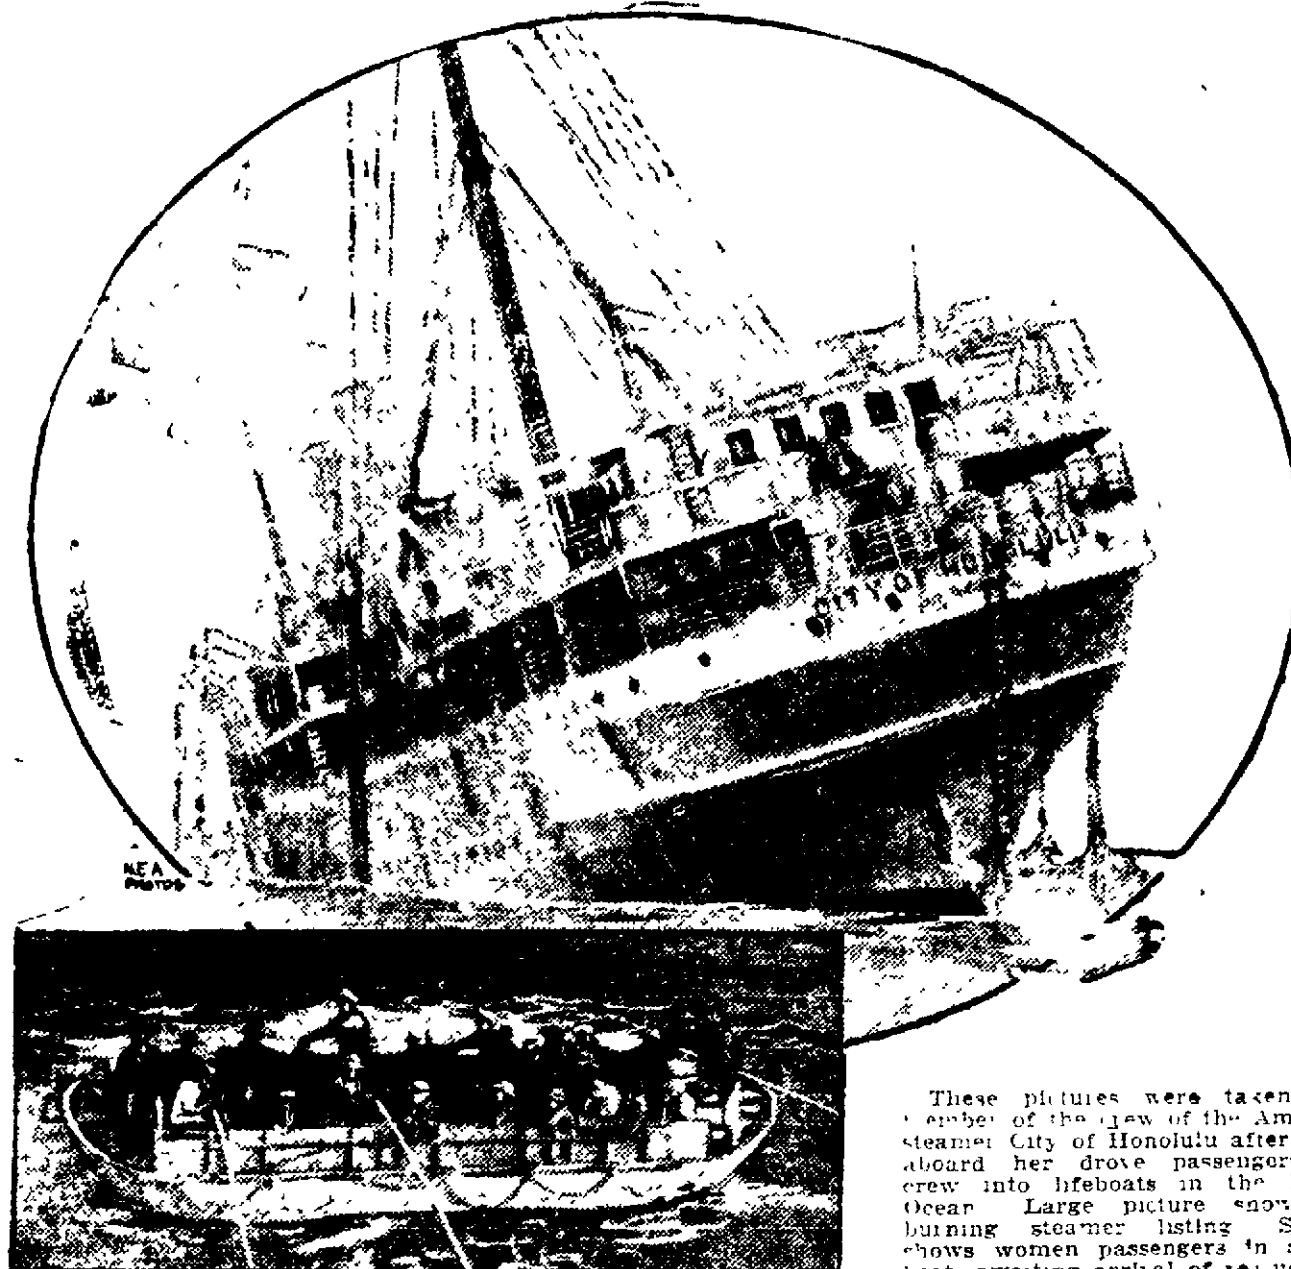

Do you know why insurance companies refuse to insure a great many men because they are underweight? Because to be underweight often proves

low fighting-power in the body. It often means you are minus nerve-power, minus red cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood cells, you begin to become plus. That's why S. S. S. since 1826, has meant to thousands of underweight men and women a plus in their strength. Hollow cheeks fill out. You stop being a calamity looker. You inspire confidence. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them. Ladies and gentlemen, a peppy, bony face does not make you look very important or pretty, does it? Take S. S. S. It contains only pure vegetable medicinal ingredients. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again

WHEN AMERICAN SHIP BURNED AT SEA

These pictures were taken by a member of the crew of the American steamer City of Honolulu after a fire aboard her drove passengers and crew into lifeboats in the Pacific Ocean. Large picture shows the burning steamer listing. Smaller shows women passengers in a lifeboat, awaiting arrival of a rescue vessel.

State Completes Blundon Case

RICHMOND, Va., Oct. 26.—With the examination today of five of its most important witnesses, the government practically completed its case against H. Gordon Blundon, former president of the Commonwealth National Bank, of Redville, Va., who is on trial a second time on a charge of embezzling funds belonging to the bank. The defense is expected to begin the presentation of its case by noon tomorrow, and counsel are of the opinion that the case may reach the jury late Saturday.

C. A. Coppage, father of the former cashier of the bank, of which Blundon was president, testified today that Blundon had asked him to persuade his son, C. G. Coppage, to admit that the doors of the vault had been left open on the Saturday before the bank was destroyed by fire. The fire occurred on Monday morning and C. G. Coppage testified yesterday that the doors of the vault were open when he reached the bank. He also stated that Blundon told him that he had set the time lock so that it would release the bolts within thirty-eight hours.

Other witnesses called today testified to various alleged loose practices in the conduct of the bank's affairs. Roy W. Shaffer, representative of a Baltimore concern, was recalled for further questioning relative to Blundon's dealings with his firm.

DEFENSE SCORES A POINT IN CASE

RICHMOND, Va., Oct. 26.—In the trial of Colonel H. Gordon Blundon, former president of the Commonwealth National Bank, of Redville, Northampton County, the defense scored a point today, when it was established that the lock on the vault had not been tampered with and was intact in every way. H. H. Humphrey, of Baltimore, said that Colonel Blundon displayed every courtesy in aiding the officers, that he furnished information of its affairs from a private memorandum he carried in his pocket, and that he discussed the matter with all frankness and candor. Rapid progress is being made and argument is possible tomorrow.

J. D. ROCKEFELLER, JR., DEFENDS MINE STRIKERS

NEW YORK, Oct. 26.—John D. Rockefeller, Jr., on vacation in Battle Creek, Mich., has taken up the cudgel in behalf of the coal miners in Somerset county, Pa., particularly those employed by the Consolidation Coal Company, of which he is a stockholder.

In a telegram given out tonight by Rev. P. Ernest Johnson, secretary of the research department of the Federal Council of Churches, Rockefeller is quoted as saying that the miners' grievances are well founded and brands the labor policy of the operators as unwise and unjust, which should be radically altered.

Rockefeller stated that he had no connection with the Bituminous Coal Company. As a minority stockholder in the Consolidation Coal Company, he would not dictate its policy, and would not support the union strategy, which he declared he had long been a foe, in the past. He also stated that he was a stockholder in the Bituminous Coal Company.

The telegram was in reply to a letter from Rev. Mr. Johnson, who is the well-known anti-union leader, to take action against the miners' strike, and to the suggestion of his personal secretary to do so.

GERMAN BUSY AT DOORS

NEW YORK, Oct. 26.—The German government has been busy at the doors of the United States, according to the Associated Press, in the last few days. It has been busy in the United States, according to the Associated Press, in the last few days. It has been busy in the United States, according to the Associated Press, in the last few days.

REUTHER IS HOLD-OUT

LOS ANGELES, Oct. 26.—(By The Associated Press.)—The National Baseball League, who are visiting here, probably the first to end out of the league, Reuther, who had declined to accept a salary of \$100,000 a year, a box of \$100,000 a year, a box of \$100,000 a year, a box of \$100,000 a year.

THEY COME IN BUNCHES

LAPORTE, Ind., Oct. 26.—Facts of triplets and two sets of twins, born to Mr. and Mrs. Frank Scott in ten years of married life established a record for the middle west, perhaps for the whole country. The Scotts, the parents and thirteen children boarded a westbound train in search for enough land to provide sustenance and employment for the whole family.

We cannot carry a Sunday School class, madam, I said, the conductor for to the mother as she offered one.

But there are my children, Mrs. Scott replied. The family Bible was produced from a load of luggage and it disclosed one remarkable lack of race suicide. There were Isabel, Arner and Austin, each 4-12 years old, Arthur and Arnold, each 3-12, Almon and Almon, each 2-12 years, Alfred, Albert and Adolph, each 18 months, Abel and Aoner, each 8 months.

TO INVITE U. S. TO NAR EAST MEET

(Associated Press Leased Wire.) PARIS, Oct. 26.—France, Italy and Britain have agreed to invite the U. S. to participate in the New East conference at Lausanne, Nov. 11. The suggestion to the United States, he invited came from Lord Curzon, British Secretary of Foreign Affairs. The invitation will be handed to the State department in Washington probably tomorrow by the French, British and Italian ambassadors.

I. C. Commission Seeks Advice As To Rest Policy

WASHINGTON, Oct. 26.—The United States probably will be represented at the Near East peace conference by an official observer. There is virtually no chance that the Washington government will participate directly in conference, however, or by a signatory of the treaty of peace to be evolved.

Decision of allied governments to invite American participation as a party to the peace conference it can be said no authority, thus the attitude of the Washington government unchanged. While the reply to the invitation can be formulated only after it has been received, probably tomorrow, there is no reason to doubt what the attitude of the American answer will be. The American policy of standing aloof from European political tangles and of confining itself strictly to questions in which it has direct interest, commercially as otherwise, such as the freedom of the Turkish straits, has undergone no change.

Paris dispatches indicate that the invitation is to be presented to Secretary Hughes through the British, French and Italian embassies in Washington.

That it will be met with the appreciation of the importance attached by these powers to their proposal, that the United States share in the difficult task before the Lausanne conference, it is to be expected. At the same time, however, the embassies will be fully advised that as a non-belligerent in the war between the allies and Turkey, the United States feels that it cannot have any direct share in a peace conference to bring that war to an end.

American interests are too deeply involved in the final solution of the problem of the Turkish straits however, and also in the immunities that American citizens shall enjoy in Turkish territory, both in commercial and religious matters, to permit the Washington government to stand wholly aside from the peace parley. Secretary Hughes made this plain recently during the peace conference.

KILL RATS TODAY

It also kills mice, cockroaches, water bugs and ants. It forces these pests to run from building for water and fresh air. A 35¢ box contains enough to kill 100 rats, mice, cockroaches, water bugs and ants. Get it from your drug or general store dealer today. READY FOR USE—BETTER THAN TRAPS

CHAMBERLAIN'S COUGH REMEDY FOR THE RELIEF OF Coughs, Colds, Croup WHOOPING COUGH, HOARSENESS BRONCHITIS -SOLD EVERYWHERE-

ing the most tense moments of the Near Eastern crisis when he refused to discuss in any way any political questions involved but declared that American policy demanded freedom of the straits, and adequate protection of racial and religious minorities in Turkish territory. It can be said authoritatively that the American viewpoint is still summarized in that declaration and that the decision in Paris to invite equal participation in the peace conference by the United States has not affected that attitude.

STORM WARNING ISSUED WASHINGTON, Oct. 26.—A storm warning was issued by the weather bureau tonight for a storm of moderate intensity over the Gulf apparently having two centers. One is a short distance south of the Louisiana coast and the other about latitude 25 north, longitude 86 west. The latter probably will move eastward by fresh shifting winds.

Quick Work In Catching Thieves

NORFOLK, Oct. 25.—A record was established in police circles today when two men, charged with theft of \$15 and a brief case from an automobile parked on Main street were arrested and the property recovered, before the owner turned into the detective bureau a report of his loss.

Acting in a suspicious manner, Walter Spencer, alias Garlan Brown, two colored youths were picked up on Main street this morning by Detectives Ed Warren and Charles Mercer. Questioned as to the ownership of the brief case, both negroes said that they were taking it to a man in Church street. The officers accompanied the two boys to the Church street address and no man there claimed the case.

Bringing the two youths to headquarters the detectives were greeted with a report of the loss of a brief case and \$15 taken from an automobile owned by Dr. Hanley of New York City and parked on Main street. The two youths were charged with larceny of the case and the money.

PREMIER FACTA'S MINISTRY RESIGNS

ROME, Oct. 25.—(By the Associated Press.)—The ministry of Premier Facta has resigned, following an ultimatum issued by the Fascists.

DO YOU WONDER, ASKS THIS LADY

"That I'm a Believer in Cardui?"
—Got So Weak She Had To Go To Bed—But Read Her Story

Oswatimie, Kans.—Mrs. E. E. Keast, formerly of Illinois, residing here, says: "We moved to this state eleven years ago, and I had good health for a long while; and then some year or so ago I had a sick spell. . . .

"I got so weak I couldn't go. I couldn't stand on my feet at all. I had to go to bed. . . .

"I suffered a great deal. I was so nervous I felt I couldn't live. I tried medicines and everything; had the best of attention, yet I wasn't able to get up. . . .

"I lay for three months, not able to do anything. . . .

"My husband is a bill poster and has circulars distributed. One day there came to be a Ladies Birthday Almanac among his circulars. I read it, and told some of the family to get me a bottle of Cardui. They laughed and said I wouldn't take it. But I did. I began with a tablespoonful every two hours. . . .

"I quit all other medicines and took it (Cardui) faithfully, and two weeks from the time I began to take Cardui I was out of bed—better than for months. . . .

"I kept it up and continued to improve until I was a well woman. . . .

"Do you wonder that I am a believer in Cardui? I certainly am. And I am sure there is no better tonic made for women than Cardui." . . .

and druggists sell Cardui, for women's use.

Petrified Body Seen By Many

PETERSBURG, Oct. 25.—How the perfectly preserved and partially petrified body of Phoenix Clay, who died seventy years ago and was placed in an iron coffin in a vault constructed by himself, came to be unearthed is what is causing much speculation in Amelia county. In the meantime the body, still reclining as it was placed seven decades ago, is the source of revenue to owners of the land on which it was found, and who are said to be descendants of the dead man. An admission fee is charged, and was charged last Sunday, but that failed to keep scores of persons from Amelia and nearby counties. Petersburgh and Richmond from visiting it, according to Peterburg visitors.

The vault in which the coffin was placed had been broken open by some one. The marble entrance was pushed in and the body was exposed to view. Inside there is enough room for several persons.

The body had red hair, a mustache and a practically all the original teeth. Some profess to believe that it had several gold teeth and that these are missing. A shirt was still on the body and the imprints of a scalloped collar on its neck. The body was apparently little changed from the vault in which the coffin was placed. The body was found on the old Clay farm, on the Broad Rock road, about twenty-five miles from Petersburg.

Sues Preacher In Duplin For \$10,000

GOLDSBORO, Oct. 25.—Ten thousand dollars is amount sought by the father of Maillida Kennedy, 17-year-old school girl, from L. T. Stroud, through a suit led in Duplin county. Kennedy charges that Stroud, a Baptist preacher, well-known and said to be well-to-do, ruined his daughter's health and reputation.

Stroud is a married man, with children. He is now under bond for trial in Wayne Superior court, following his appeal from a six months' sentence imposed in recorder's court, on a charge of seducing the girl.

It was testified at the trial that Stroud took the girl to Virginia King, a negro, for an operation, causing abortion.

Rearrest Again Opens Case of Missing Girls

ATLANTA, Ga., Oct. 25.—The case of Miss Beatrice Nelms and her sister, Mrs. Eloise Dennis, who disappeared ten years ago, was reopened by the arrest today of Victor E. Innis as he left the State prison, where he served seven years on a charge of defrauding his sister.

Shortly after their disappearance he was charged with murdering the two girls, but the charge was dismissed because the bodies could not be found. He was convicted on the fraud charge, and today was rearrested to be tried in the Federal court for misuse of mails in connection with the Nelms case.

The Nelms sisters left Atlanta to go to Texas and then disappeared. Their mother charges they were killed by Innis and their bodies burned. She has spent a fortune in trying to convict him of murder and caused his rearrest.

Leaders See Split In Woman Vote

WASHINGTON, Oct. 25.—The woman vote—how will it go? That's the biggest of all questions in political circles these days. If that could be answered, there would be little need of waiting for the bulletin election day to know the outcome of the day's balloting.

Women, united politically, would hold the balance of power. Their favor or disfavor would seal or unseat senators and congressmen. But no united action by women in the coming elections is discernible, as election day draws near. Instead, even women leaders are urging women voters to align themselves definitely with parties.

How Republicans and Democrats are appealing to the feminine voters for their help November 7, is shown in the following statements written for NEA Service by the leaders of the women's wing in each of the two old parties:

By Mrs. Emily Newell Blair of Washington, Committee-woman, Democratic National Committee.

How will the Democratic party get the women out to the polls? First of all by offering the women an opportunity to rebuke the present Congress for its high tariff vote for congressmen who will oppose the present iniquitous rates on everything that women buy for themselves and their families.

Women are the buyers of the family and they cannot, as buyers, face the tremendous increase in the cost of what they buy without alarm. They will flock to the polls to express this alarm in a vote against a Republican Congress which has voted for an increase in everything they buy.

In the congressional debates, Republican senators contended that this tariff would increase the cost of articles "only a few cents." But women know that a few cents on every article adds into a big sum on the whole.

Object Is Tariff.

They will not agree with the Republican paper which said that the new tariff on wool would "only" increase overcoats \$2.50. To the majority of voters in this country an increase of \$2.50 on the price of overcoats never can be qualified by "only."

We have attempted to bring this situation home to women through publicity. But we have also found many other ways to carry news of the tariff to women who neither read newspapers nor attend meetings. In some cases they have made house-to-house canvasses. In others they have arranged porch meetings. Sometimes they have employed the button method. Democratic women will spend election day at their telephones, reminding women who are forgetful. But for most part the Democratic party must content itself with presenting to the women of the country the opportunity that is theirs, trusting that the good sense and self-interest of the American housewife will lead her to the polls.

Once there, she will register a vote to cut down the cost of her children's food and clothing.

By Mrs. Harriet Taylor Upton, Vice-Chairman, Republican National Executive Committee.

The whole trend in politics today is for men and women to work together, to attend the same meetings, to hear both men and women speakers, to

MRS. EMILY NEWELL BLAIR; BELOW, MRS. MARRIET TAYLOR UPTON.

work on the same committees, to have offices in the same headquarters.

During the last several weeks I have personally met women voters in five different states—Ohio, Indiana, Missouri, Maryland and Massachusetts. Everywhere I have found keen, intelligent interest in the issues. During the whole campaign, through reports received at national headquarters, I have kept closely in touch with the political situation as it affects the woman's vote throughout the country.

Here and there it is reported women do not understand the protective tariff, and it is asserted this will cost the Republican party their votes.

Women More Partisan.

These reports do not frighten me. I am convinced that the misleading statements made concerning the effect of new tariff rates on prices will have a negligible influence on the woman's vote. The women of America as a whole know well that a protective tariff means prosperity for the country. They know that it is a woman that all the factories will be open and that all the workmen will be busy.

The present campaign shows two things clearly:

FIRST—Women are becoming more partisan.

SECOND—The women who voted for President Harding in 1920 are continuing their affiliations with the Republican party.

The Conference on Limitations of armaments has nullified the feeling among women here for the League of Nations. It showed America could play a great part in the peace of the world without making any dangerous entanglements with other nations and without the sacrifice of this country's independent position.

Measures passed by the Sixty-seventh Congress of particular interest to women have been the maternity bill and the independent citizenship bill.

Booker Favors Issuing Bonds

ROANOKE, Va., Oct. 25.—State Senator Marshall E. Booker, of Halifax county, is numbered among the members of the upper branch of the state legislature who are strenuously in favor of floating the bond issue for road construction in Virginia. Senator Booker, who arrived in Richmond last night, said the majority of the progressive citizens in his district were backing him on this question and, in his opinion, the adoption of the measure would be the most beneficial piece of legislation enacted in Virginia in a generation.

Thinks Bones in Caves Were Stored by Owl

WASHINGTON, Oct. 25.—Bone deposits from prehistoric animals unearthed last year by the United States Geological Survey in caverns in the east of the town of St. Michel de l'Atayre, in Haiti, and suspected of being the remains of a feast by pre-Columbian man, have been examined by Gerrit S. Miller, Jr., zoologist of the Smithsonian Institution, and declared to have probably been collected by a giant owl now extinct.

The remains of rodents too large to have been carried into the caves by any owls now living were found. Among these bones, however, were found parts of a predatory bird, but the size of which indicate that this owl was fully equal to the task. The bones in the cave have none of the features commonly seen in hoards of human refuse.

Motor Mishap Ends Mrs. Thompson's Trial

NEW YORK, Oct. 25.—Kings County Judge Mulvanich granted a verdict yesterday in the case of Mrs. Lucretia Thompson, of No. 2117 East 14th street, Brooklyn, charged with manslaughter in mortally injuring nine-year-old Leonard Leo with her automobile January 17 last.

The judge acted after Gilbert E. Reddell, a juror, had announced that he was struck and slightly injured last Sunday by an automobile driven by a woman. The juror thought of it, he said, the more convinced he became that he should not sit as a juror in Mrs. Thompson's case. He said he felt that he could not consider the question of the woman's guilt or innocence with that freedom from bias which the law requires.

The judge was about to charge the jury when the trial was declared null. No date has been set for retrial.

CUBA FIGHTS SUGAR DUTY

HAVANA, Oct. 25.—Reduction of the sugar duty fixed by the Fordney law will be sought at once, it was announced today at the offices of the recently formed commission for the defense of Cuban industries.

New 1,000,000-Watt Vacuum Tube To Hurl the Voice Across Ocean

SCHENECTADY, Oct. 25.—A 1,000,000-watt vacuum tube has been developed in the General Electric research laboratory here by J. H. Payne, Jr. The huge capacity tube is a magnetron, involving the principle of magnetic control as developed by Dr. Albert W. Hull of the laboratory.

The tube is expected to be of much importance, both in radio work and long distance power transmission. Its output is about forty amperes at 25,000 volts, and serves as a rectifier to change alternating current of any frequency alternating current to high frequency.

It is thought that one tube will be sufficient to carry radio telephone signals across the Atlantic. This tube consists essentially of a water-cooled cylindrical anode 30 inches long and 10 inches in diameter. In the axis of the anode is a tungsten filament four-tenths of an inch in diameter and 22 inches long. This filament is excited by current of 11,800 amperes at 10,000 cycles, the filament excitation requiring about 20 kilowatts.

The magnetic field produced by this large heating current is sufficient to "cut off" the electrical current from

the cathode to the anode during a portion of each half cycle of the current passing through the cathode, this action taking the place of that of the grid in the three-electrode tube. The electron current to the cathode is thus interrupted 20,000 times per second.

By the use of properly tuned circuits this can be used for the production of high frequency power radio or any other purpose.

Ousted, He Charges, on White House Plea

WASHINGTON, Oct. 25.—Charges that the Harding Administration has obtained the discharge of a District of Columbia official so placed might be made for a White House candidate, were made in the District Supreme Court today.

Dr. Lewis A. Griffith, recently removed as superintendent of Insurance for the District of Columbia, is the author of the complaint. He is seeking a writ of mandamus to compel the District Commissioners to reinstate him.

The ousted superintendent claims

his administration was efficient, and that he was dismissed because George B. Christian, secretary to the president, told the commissioners he wanted the place for some one else.

Dr. Griffith has enlisted the assistance of Senator Francis of Maryland, in his fight, and threats are being made that it will become the subject of a Senatorial investigation.

Fatally Crushed Unloading Freight

HARRISONBURG, Oct. 25.—Falling beneath a 500-pound barrel of iron castings which he was assisting in unloading from a freight car, Curtis E. Deal, 18 years old, was instantly killed Monday afternoon at Elkton, 18 miles east of here.

Young Deal, with two other men, was attempting to transfer the barrel from the freight car to the platform of the Norfolk and Western Railway station, where he was employed. In some manner, the barrel fell and struck Deal, crushing his skull. The other men managed to escape.

Deal was the son of M. Deal, owner of the Virginia Hotel at Elkton, in addition to his parents, he is survived by two brothers and a sister. He was a nephew of Chief of Police Dovel, of Harrisonburg.

The Most Daring Offer Ever Made

Buy a bottle of REGENERATOR today. If it doesn't benefit you within 5 days return the bottle to your druggist and get your dollar back.

Every Reader of This Newspaper Should Investigate the Marvelous Results Obtained by REGENERATOR—the Great Nerve Tonic and Blood Purifier. Investigate Today!

WHAT REGENERATOR DOES

If you are bilious, have sick headaches, feel all worn out, and do not eat heartily—REGENERATOR will help you.

If you suffer from boils, eczema, skin diseases, eruptions or other troubles arising from impurities in the blood, begin taking REGENERATOR today and you will be happily surprised at how soon these embarrassing troubles begin to disappear.

If rheumatism, with its pains and aches, has you in its grasp, or uric acid poison is affecting your well-being, REGENERATOR will soon prove its wonderful effect.

In the treatment of high blood pressure you also will find it a most remarkable remedy.

If you are subject to dizzy spells, nervousness, lack of ambition, constipation and other ills due to a sluggish liver and inactive kidneys, take REGENERATOR and regain the feeling of health and happiness.

If the "after-effects" of "flu" are annoying you, drive them out of your system by using REGENERATOR.

WHAT REGENERATOR IS

REGENERATOR is a purely vegetable Liver, Kidney and Blood Remedy, composed of roots, herbs and barks scientifically prepared. It is all that its name implies—it regenerates the entire system and nourishes and feeds the cells and tissues of the body. REGENERATOR gives new strength and building qualities to the blood supply, enabling it, with the

increased vitality, to throw off impurities and combat disease. It stimulates healthy action in the vital organs—the Liver, Kidneys and Bladder—the origin of many of our prevalent ills. By assisting nature in restoring the organs to normal functioning, it regenerates the system and brings a healthy condition where disease existed. REGENERATOR is not an experiment—it is a tried and proved remedy—it is your opportunity for renewed health.

THE OPPORTUNITY FOR YOU IS HERE TODAY

It is within your power today to regenerate your entire system and again feel the joy of being WELL. REGENERATOR will enable you to look forward to a new day of regained health and happiness. It only remains for you to act, as thousands of others have, by getting for yourself a bottle today!

The experience of thousands who have received benefits from the use of REGENERATOR prompts us to guarantee noticeable results within five days after a thorough trial, or a return of the \$1.00 purchase price. Could we be fairer?

The experience of thousands who have been benefited from the use of REGENERATOR warrants us in authorizing druggists to refund the purchase price to anyone who gives it a fair trial and does not note any improvement within five days after beginning its use.

SPECIAL NOTICE

If you are unable to obtain REGENERATOR from your regular druggist, notify the Livingston Medicine Co., Dept. A, Atlanta, Ga., or send me (enclosed) the name of your dealer and a bottle will be mailed you.

THE IDEAL LAUNDRY

Is that one which cleans the linen with the least wear and tear on the fabric itself, and at the same time maintains a reasonable rate. We do not use acids or lye to bleach the clothes and our patrons find that their clothes last much longer when we do the laundering. Our laundering process gives you material that looked for snow white finish.

AWAKENS TO FIND ICE PICK IN SHOULDER BLADES

CHICAGO, Oct. 26.—Mrs. C. E. Miller, who was awakened this morning by an ice pick between her shoulder blades told police tonight she believed a dentist, formerly of France and said to be a rejected suitor of Mrs. Miller, might have been responsible for her experience. In addition to the slight wound inflicted,

Mrs. Miller told police jewelry valued at \$1200 was missing. Mrs. Miller said she met the dentist in the West several years ago. She said he possessed a power that enabled him to learn her most intimate plans and thoughts. C. E. Miller, her husband of a year, said he was the son of a wealthy California stock man. In 1918 there were 58,112 divorces in Japan.

Monument To Electricity

Here is the gigantic monument to "Electricity" proposed by H. Gernsback, editor of Science and Invention Magazine. His plan is erection of an electrical generator, 1000 feet high, of concrete. The interior would be inscribed with diagrams, etc., showing the development of electricity from the first static machines, with additions made for every new achievement of science.

ALLIES TO SOUND GERMANY ON CONTROL

PARIS, Oct. 26.—While it has been announced that the mission of the Reparation Commission which leaves here Sunday for Berlin is "to study means of stabilizing the mark," its real purpose is to ascertain how much allied control of German finances the Berlin Government will accept without raising a row.

It is true that under the Versailles Treaty the Allies have no power to interfere in interior German administration. It is also true that under the Versailles Treaty the Allies have power to do a large number of things in case Germany does not pay. It may be put up to Germany as a proposition of choosing the lesser of two evils. Germany may be forced to choose between having strong allied control of her governmental expenditures and taxation on the one hand or occupation of the Ruhr and imposition of allied taxes in Rhineland on the other.
